- Seamless vinyl tape and hook & loop perimeter fastener system
- 3-year Limited Warranty on carpet mats
- 5-year Limited Warranty on vinyl mats

EZ Flex's convenient hook & loop perimeter fastener system

EZ FLEX FLOORING OPTIONS

CARPET MATS

EZ Flex Carpet Bonded Foam mats are easy to install and to cut down to fit perfectly wall-to-wall in your gym. Standard rolls are 6' wide, 42' long and 1-3/8" thick. Custom lengths are available and can save money by minimizing waste. The carpet rolls come with 4"-wide blue hook fastener that covers the seams and hold the mat sections firmly in place.

VINYL MATS

Our vinyl roll-out mats are made with a tough vinyl surface and athletic-grade cross-linked polyethylene foam. They come with our exclusive hook & loop fastener perimeter to join the Red Vinyl Mat to the Blue Carpet Floor mats. The vinyl sections are held together with a unique vinyl tape that matches the vinyl surface to create a seamless installation.

PERIMETER FASTENER

Our new perimeter hook & loop fastener edging system, now a standard feature, securely joins carpet and vinyl areas.

TRANSITION STRIPS

For doorways and high-traffic areas, custom transition strips create a gradual finished edge.

SEAMLESS VINYL TAPE

Semi-permanent vinyl tape matches the mat surface for a seamless appearance.
